**REPAIRS TO THE OAK STREET BRIDGE IN DOVER-ROLLINSFORD**  
*DECK REPAIRS WILL REQUIRE LANE CLOSURES FOR WEEK OF 4/5/04*

The New Hampshire Department of Transportation announces bridge repair work is scheduled to take place the week of April 5, 2004 on the Oak Street Bridge over the Boston and Maine Railroad at the Dover – Rollinsford town line.

These bridge deck repairs will require lane closures and single lane traffic daily from 7:00 AM until 3:30 PM, beginning Monday, April 5 through Friday, April 9, 2004. Warning signs and cones will be used to help guide traffic through the work zone. Motorists can expect minor delays and should seek alternate routes if possible.

In case of inclement weather, this bridge repair work will be postponed until the following workday.
